

How to change the screen time-out

1. Go to Settings → Swipe up from bottom right hand corner and choose **Settings** or choose **Settings** from the apps window (Apps icon top right → Settings)

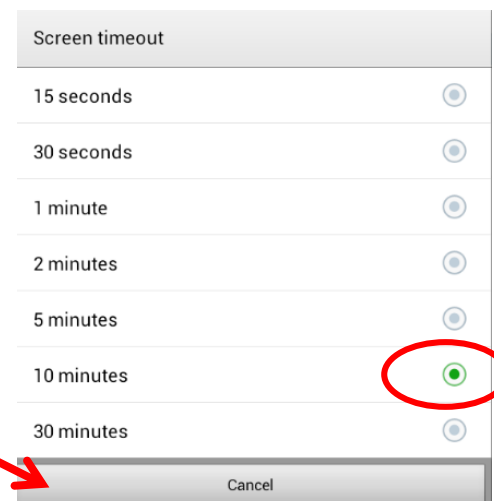

2. Scroll down and tap on **Display** on the left hand side.

3. Tap on **Screen timeout** in the right hand side window.

4. Tap on 10/30 minutes.

5. Press **Cancel**
