

How to watch a video on your tablet

How to watch videos:

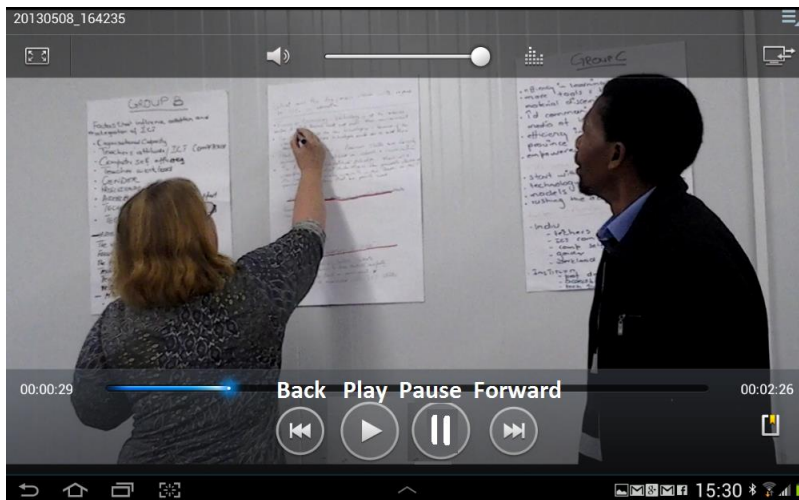

1. Open the video watching app Installed on your tablet (e.g. **Video player** or the generically installed **Video**)

2. You will see all the videos currently on your tablets.

3. Tap on a video that you want to watch, to open it → It will start to play.
4. Tap on video to display the video controls (Backwards, Play, Pause, Forward)

5. To close the video, click the back control in the bottom toolbar on the left.
